FINTECH SELECT ANNOUNCES SELECTCOIN BETA LAUNCH

For Immediate Release

Toronto, ON, December 11, 2017 – Fintech Select Ltd. (“**Fintech Select**” or the “**Company**”) (TSX-V: FTEC) is pleased to announce that all the elements pertaining to the SelectCoin Cryptocurrency platform have been completed.

The company has worked diligently over the past few weeks to conduct testing of the SelectCoin Cryptocurrency platform, alongside the interconnected Cryptocurrency exchange broker and the Company’s POS gateway.

A Beta program will start in a few days using the closed loop cards to allow the company to test the SelectCoin platform within a controlled environment. Upon completion of the Beta program the company will be updating its website to reflect the addresses of the initial launch location(s) for the general public and will commence its online marketing programs to attract early adopters.

About Fintech Select Ltd.

Fintech Select is a provider of robust and disruptive Pre-Paid Card programs, mobile banking solutions and Cryptocurrency technologies. Fintech Select has enabled these core assets which operate through separate divisions to work together harmoniously to create a new and ubiquitous environment for consumers and businesses alike. Fintech select also operates an international call centre that provides fulfillment and customer service support to customers across all three platforms mentioned. Our mission is to provide customers with choice, convenience and cost-effective ways to facilitate traditional and crypto financial transactions.
